Subject: COVID-19 (Coronavirus) Update – Customers and Suppliers

As our communities continue to feel the increased impact of Coronavirus, we feel it is important to share with you what we are doing to help keep our employees safe and healthy. We are currently implementing COVID-19 best-practice preventative safety measures for the health and safety of our employees.

From an operational standpoint, we are currently manufacturing and are in constant communication with our partners. We will contact individual suppliers of any potential cancellations as soon as the situation arises. Communicate any delays that may arise to our customers at the earliest and do our best to support.

Thank you in advance for your patience as we navigate this challenging situation one day at a time while maintaining our focus where it belongs, on our valued employees.

Sincerely,

Raj Nagarajan

President | Aeropact Manufacturing, LLC dba Martin Machine
